Learning Activity Sheet Word Problems

Do the following activities.

1. There are 8800 seats in a stadium. 1375 seats are reserved for VIP and the rest are for the public. How many seats are there for the public?

_____ ○ _____ = _____

There are _____ seats for the public.

2. There are 880 mangoes at a fruit stall. There are 220 more apples than mangoes. How many apples and mangoes are there altogether?

_____ ○ _____ = _____

There are _____ apples.

_____ ○ _____ = _____

There are _____ apples and mangoes altogether.

3. Imee has 495. Amelia has 297 less than Imee. How much money does Amelia have? Draw a model to show your solution. Check if your answer is reasonable by rounding off each of the numbers to the nearest ten before adding or subtracting.

$$\underline{\hspace{2cm}} \bigcirc \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

Amelia has _____.
