**B. Read the announcement 1, then view and analyze the images in Announcement 2. Compare and contrast the two announcements and answer each question that follows. Write the letter of the correct answers on the blank provided.****Announcement 1**

The Rizal Health Unit (RHU) of San Mateo reminded the public to always practice the standard health protocol to stop the spread of COVID-19. Even though most of the residents had been fully vaccinated, the Local Government Unit (LGU) made sure that the people were reminded to wear their face mask and face shield all the time and to practice social distancing. The LGU was also strict with the curfew and had warned individuals, especially minors, who were caught loitering. Those who will be caught will be asked to explain in writing their reason for being out on the streets. The LGUs believed that this would help stop the spread of the virus.

## Announcement 2

There are posters or infographics posted along the street to remind the people how to stop the spread of COVID-19.
